

David Syrový

1932 11 Ave SW, #101, T3C 0N8

Cell: +1 (587) 224 9621

Email: david.syrový01@gmail.com

PROFILE: **H2S, FA+CPR C** and **CSTS certified**, energetic, handy, hard-working self-starter with a sense of detail. Positive attitude, reliability and team-playing goes without saying. Hungry for a work which has visible **results**.

- Strong analytical background as a member of **Business Analysis** team
- Strong **project managing** experience covering projects with annual value over \$5m
- Additional **health-saving** experience (TCCC, car accident FA,...)
- Skilled general labour worker operating **electric** and **pneumatic tools**

„At all times I have found David to be hard-working and reliable, easy to work with, curagous and honest. He proofed himself to be very good project leader and also strong team influencer.“

- Director Support&Services, Head of Propety, Vodafone Czech Republic

PROFESSIONAL EXPERIENCE

2013 Forest Lawn Auto Parts, Calgary, AB

GENERAL LABOUR

Operating **forklift** and **all types of tools** in order to accomplish requests in time, best quality and with smile on my face. Metal piles cutting, screwing, joining; construction of metal warehouse racks corresponding with stock system. All necessary manual works.

Supervisor: Darcy Case, cell: (403) 970 3617

2009 – 2013 Vodafone Czech Republic, Prague, Czech

PROJECT MANAGER, Strategy Property

Managing projects in timeframe starting at 14 days to 1 year-long, assembling project management teams to reach targets in set time, quality and budget.

Due to outstanding analytic and negotiation skills I always delivered savings on projects without affecting timeframe or budget. Challenging company targets, watching budgets and looking for company needs enabled me to prepare strategic plan, covering expanses in total value of \$50mil.

Key achievements

- Integration of Total Facility Management Services into company's environment. As man in charge I coordinated all involved departments (Legal, Supply Chain, IT, Facility), set deliverables (i.e. Key Performance Indexes, Service Local Agreements), controlled budget, timeframe and risks. Successfully implemented services delivered 10% savings in facility area in 3 years.
- Successfully prepared various reports, including 5 year strategic plan setting a direction of department activities

Supervisor: Property Director, email: michal.reynaud@vodafone.com

2007 – 2009 Vodafone Czech Republic, Prague, Czech

BUSINESS ANALYST, Database Marketing

On basis of internal customer's request I prepared **PL/SQL** database (**Oracle, Siebel**) scripts, gathered necessary data from appropriate database tables (up to 150 tables, ~100 mil. rows each), aggregated data into **MS Excel pivot table**, which enabled me further analysis in order to confirm / revoke prior hypothesis.

My excellent interpretation of analyzed data enabled to set next steps and strategies for proactive actions in order to reach revenue gain targets.

Main projects

- Total Telecommunication market (TelCo) model for business entities
– estimation of total TelCo revenue within selected business group
- Top-up channel stimulation – Selection of right customers for stimulation of their topping-up via new channel raised their monthly spend about 20%.

Supervisor: Database Marketing Manager, email: martin.chmelik@vodafone.com
