Trojan Safety Services: Reference Fire Fighter

Dear Sir/Madame

I am writing to express my interest in joining the Trojan Safety Services team through the position of Fire Fighter. I am an experienced Fire Fighter with over 6 years experience currently serving with the Royal Canadian Air Force. Through training and emergency calls I have been able to demonstrate my ability to successfully manage and coordinate Fire Hall duties as well as ever changing emergency situations.

As a Fire Fighter, Crew Chief and Acting Deputy Platoon Chief I have been recognized by peers, supervisors and other agencies for quick thinking, calm and correct responses to a multitude of crisis and emergency situations. Through military training I have proven skills in risk management, superior leadership, coordination and management skills.

With training, certification and real world experience in the use and maintenance of fire extinguishers to major foam vehicles, public fire prevention and education to emergency medical response. I have the necessary skills and qualifications for this position and look forward to the opportunity to discuss my suitability to join the Trojan Safety Services team.

Sincerely

Mark MacDonald
